In case of a mistake or calculation error check or repeat steps from 15 to 24.

26. After completing one instance it is advised to Hide those columns belonging to the given instance to avoid unintended changes later on.

- 27. Repeat stepps 18 to 26 until all instances are done.
- 28. Unhide now all the instances by clicking here:

29. Inform the drops manager about the share is prepared, and after the mails are sent, he will change the status for these instances from sharing to shared at the Ronins drops and treasury list. (Yellow->Green)
